and in between the Andes
10,000; city, Santiago, is 2,800 miles to 220 miles wide. The mountains
are rich in nitrate, copper and iron. The extensive central valley is devoted to
agriculture, formerly on vast hacienda estates owned by rich families. The
forests and grazing lands. Two-thirds of the Chileans are mestizo, the
17th century soldier-settlers and the small Amerindian Indians are numerous throughout
the country's original base is Bernardo O'Higgins. Southern Chile
is one of the world's finest vacation regions.
